DIRECTOR: WHITE HOUSE SITUATION ROOM

SUBJECT: SOUTH VIETNAM--THE MILITARY SITUATION

25X1

Fighting remained relatively light throughout most of the country over the weekend. The most significant action consisted of Communist ground attacks in Binh Dinh and Long Khanh provinces. There were also several shelling attacks against South Vietnamese outposts and population centers in Tay Ninh, Hau Nghia, and Binh Duong provinces. [REDACTED] the Communists plan to increase this type of low level harassment in western MR-3 during January and February, in an effort to gain control over more heavily populated and agriculturally productive land than is now available to them.
